ABOUT HENG LIM TRANSPORT

Heng Lim Transport was established in 1986 with the goal of being the one stop solution to everyone's transportation needs. Over the next 30 years, Heng Lim Transport has evolved from a 2 truck company to one that is able to provide an extensive list of transportation solutions and services.

Haulio is proud to have Heng Lim Transport as a strong transportation partner since May 2017.

Top 3 Things I Like about Haulio

Wide Variety of Jobs

There are a wide variety of jobs now available for me to take during my lull periods.

Easy to Get Started

It's easy to get started with Haulio – be it as a trucker on their platform, or their driver's management tool HCS.

Easy to Communicate With

In a relatively "old" industry, Haulio's staff are young and easy to communicate with. The platform is also easy to use.

Haulio's HCS (driver management tool) is a gamechanger.

EXPERIENCE WITH HAULIO

What do you do at Heng Lim Transport, and how did you get to know Haulio?

I am an Operations Manager at Heng Lim Transport, overseeing the day-to-day activities of my drivers. Overall, I manage a fleet of about 20 drivers and trucks.

I first got to know Haulio when one of the founders, Sebastian, visited my office back in 2017. At that time, Haulio was just started out as a platform for [Inter-Terminal Trucking \(ITT\) jobs](#), which refers to the shuttling of containers within PSA's ports. Today, Haulio has evolved to include a wider variety of jobs aside from ITT.

How has Haulio helped you?

Haulio provides us with an additional source of jobs that is especially useful during the current uncertain COVID-19 pandemic. As an asset-heavy company, this is really important for me. Even though manpower takes up 20-30% of my costs, most of it still goes to things like asset depreciation. With Haulio, I can take up ITT jobs to at least cover my drivers' salaries.

I also appreciate Haulio's CSR efforts in doing their part for the industry, as well as organising events for different hauliers to connect and network.

Will you continue using Haulio in the foreseeable future?

Yes, we will. I have been recommending Haulio to others, especially their new Haulio Connectivity System (HCS). It's a gamechanger for the industry especially for newcomers who don't want to spend so much on the initial deposit on existing solutions to manage their fleet, that are often also difficult to use. The fact that the app is available in Chinese language is also very useful for some of my drivers.

Let's talk.
